**SAV Blackcap May 4136**

*Dam of Resource, Renown & Recharge.*

SAV Resource 1441 is the popular, powerful, proven performance sire who has taken the industry by storm. He is maternally-charged from the Blackcap May family that was established at SAV in 1945 and leads the breed in the production of AI sires. He represents the best of the timeless Rito 707 lineage and brings to the table the basics of efficiency and natural fleshing-ability, with thickness, muscle, masculinity, superb structure, feet quality and authentic Angus breed character. Resource consistently stamps his progeny with these hard to find attributes, along with excellent docility. His progeny have proven his ability to sire pounds in the right package and have earned him proven EPDs for weaning and yearling weight in the breed's top 1%. Resource sons have dominated sales across the country and his first daughters entering production are making superb brood cows with high-quality udders. Resource may well be the most impacting bull in SAV history. Order semen early!

This phenomenal producer has an unprecedented production record and reigns among the most heralded cows in the Angus breed. She is a major impact, multi-trait leading cow, earning a weaning ratio of 111 on 4 natural calves and proven EPDs for weaning and yearling weight and milk in the breed's top 1%. She is the most prolific cow at SAV, with 42 daughters retained in the SAV herd. She has generated \$1.4 million on 73 progeny in past SAV sales.

SAV Renown 3439 is the \$175,000 lead-off bull from the 2014 SAV Sale and is a performance powerhouse with dominating herd bull phenotype and outstanding credentials. He is majestic, with tremendous length, muscle and superior structure. He is among the most popular young sires on the Angus horizon and is seeing heavy use in the SAV breeding program. He replicates the same predictable mating that produced the AI stud sires, SAV Resource 1441 and SAV Recharge 3436, as well as many of the very top young cows in the SAV herd. An opportunity to get in on the ground floor of the best of the next generation – order semen early!

SAV Recharge 3436 was chosen by Select Sires AI Stud and partners as the \$80,000 second lead bull from the 2014 SAV Sale. He is on the radar of the Angus world with unmatched performance phenotype and backed by the best cows in the business. He offers the #1 EPD profile of the timeless Rito 707 performance lineage. He is a thick, muscular, beef bull supreme with massive volume, dimension and natural fleshing ability – the look of a real cowmaker. Recharge is docile-natured with superior soundness and foot structure and large scrotal circumference. He will be a game-changer for all traits that make great Angus cattle and has potential to impact the industry. Use him with confidence – high-quality semen available.

SC +.27; CW +24; Marb +.41; RE +.60

SAV Bruiser 9164 is the #1 proven sire in the Angus breed for Total Profit and Feed Efficiency Indexes through the Angus Sire Alliance commercial testing ground. He is a unique, total performance sire who transmits added volume, capacity, dimension and gainability like no other. He does it all with modest birth weight and exceptional docility. His Pathfinder® dam by Predominant is a deep, massive, brood matron with abundant milk. SAV Bruiser 9164 has tremendous real-world appeal and is a total herd-improver on all relevant traits that affect the profitability of most beef operations.

**SAV Angus Acres 3205** — SAV Angus Valley 1867  
Reg. 17633570 — SAV Emblynette 0084

Alta Genetics USA  
(866) 266-2582

BW 70 • 205 Wt. 933 • 365 Wt. 1515

SC +1.19; CW +11; Marb +.55; RE +.95

SAV Bismarck 5682 is the popular and proven outcross, calving-ease sire who stamps his progeny with exceptional muscle shape, volume and style. He has led the breed in annual registrations and continues to be one of the most heavily used sires in the industry. Bismarck has sired many top-selling progeny throughout the breed and his herd sire sons include Brilliance, Bruiser, Brand Name, Birthstone, Beacon, Blacksmith, and West River. Bismarck daughters have made beautiful, moderate, docile cows with superb udder quality and optimum milk. Bismarck encompasses all areas vital to mainstream beef production, from calving-ease, to carcass, to making great cows. His impact in the Angus breed is monumental.

### SAV Beacon 0008

SC +1.29; CW +34; Marb +.36; RE +.77

SAV Brilliance 8077 has achieved widespread popularity as a proven calving-ease sire who transmits powerful phenotype. He ranks among the top 12 sires in the Angus breed for annual registrations and continues to be one of the most heavily used sires at ABS Global. Brilliance stamps his low birth weight progeny with correctness, balance, superb-structure and eye-catching style. Brilliance was the #1 sire for entries at the 2013 National Junior Angus Show and his progeny dominate the show ring. Brilliance daughters are making feminine, productive cows with beautiful udder quality. Brilliance comes highly recommended for heifer synchronization projects where calving-ease is essential.

### SAV Radiance 0801

SAV Hesston 2217 is the \$130,000 featured lot 2 bull from the 2013 SAV Sale. His first calf crop has proven him to be a real breeding bull who will make a lasting contribution. His sons display masculinity, muscle and Angus breed character, while his feminine daughters are naturally easy-fleshing with the volume and capacity to make ideal brood cows. His phenomenal dam, is the model cow for the Angus breed, unmatched for depth of body, broodiness and maternal function and is the dam of multiple herd sires, including SAV Momentum 9274. The Pathfinder® grandam of Hesston is one of the most prolific and influential cows in SAV history.

SAV Ten Percent 3085 was selected by Alta Genetics AI Stud as the \$125,000 third top-selling bull from the 2014 SAV Sale, where he was a phenotype and genotype standout. He is an elite curvebender and excels in all traits of magnitude, from birth to end-product. He scanned a 365-day REA of 16.6 inches and earned an IMF ratio of 128. He is a stylish, thick, muscular bull with superb structure and fault-free design. His feminine, heavy milking dam descends from the elite Pathfinder®, SAV Emblynette Diamond 6377, who served in the SAV program for over 17-years.
