

Schaff Angus Valley®

112th Production Sale

Saturday • February 14, 2015 • 10 am at the ranch

500+ BULLS & 200 FEMALES SELL!

The 2015 SAV Sale features large AI sire groups and a volume selection of seedstock affordable to the cowman. SAV bulls have earned a reputation for adding thickness, volume, muscle and real-world fleshing ability, while leaving moderate, beautiful-uddered, productive females. They are the kind ranchers demand and search for — adding pounds to your calcrop, maternal strength to your cowherd and dollars to your bottomline.

SAV Intensity 4263
This International son from a dam by Rito 9969 earned a 205-day weight of 1017 lbs. He sells!

FEATURING PERFORMANCE GENETICS FROM THE WORLD'S LEADING SOURCE OF REGISTRATIONS...

SAV Infinity 4145

SAV Infinity 4145 combines modest birth, length, performance and docility with a sterling pedigree. He earned a 205-day weight of 1030 lbs. for a weaning ratio of 113. He proudly represents the first phenomenal calf crop by the record-selling SAV International 2020. His dam by Rito 7075 is out of the elite Pathfinder®, SAV May 2397 and is a maternal sister to multiple AI stud sires including SAV Angus Valley 1867. Infinite possibilities here...

SAV Index 4042

This International son takes honors as the heaviest weaning natural bull of his calf crop, earning a 205-day weight of 1051 lbs. for a weaning ratio of 115. His productive dam is a flush sister to SAV 707 Rito 9969.

SAV Resemblance 4273

This Resource son combines masculinity, muscle and Angus breed character with the volume and fleshing ability of a real cowmaker. His Providence dam is out of a Pathfinder® by Bushwacker.

SAV Furrow 4023

This gentle-natured Harvester son is thick, deep and easy-fleshing with the look of a real breeding bull. He started with a birth weight of 76 lbs. and weaned off his dam on 10/8/14 at 994 lbs. The cowman's kind!

SAV Angus Choice 4015

SAV Angus Choice 4015 is a calving-ease bull by SAV Angus Valley 1867 from a productive, 2-year-old dam by Harvester. He earned a 205-day weight of 954 lbs. His Pathfinder® grandam by Bismarck is from the Primrose family that was established at SAV in 1942.

SAV Real Power 4060

This thick, stout, massive Resource son is loaded with muscle, pounds and power. He earned a 205-day weight of 1048 lbs. for a weaning ratio of 115. His Net Worth dam is a maternal sister to Priority and Brand Name and is out of the elite Pathfinder®, SAV Blackcap May 5530.

SAV Replacement 4121

A picture is worth a thousand words. This beef bull by Resource earned a 205-day weight of 944 lbs. His moderate-framed dam by Net Worth is out of the maternal matriarch, SAV Madame Pride 0075.

SAV Bushel 4251

There has never been a time in the history of the beef cattle industry when a pound of beef has been more valuable and important than it is today. This 2/27/14 Harvester son weaned off his Bismarck dam on 10/8/14 at 1010 lbs. He will add pounds and profit to every calf he sires and clearly demonstrates the thickness, muscle, volume and dimension that has made his sire so popular. His grandam by Predominant is a maternal sister to Prosperity and was produced from six generations of Emblynette Pathfinders®.

THE #1 SALE FOR RANCHERS WHO SELL THEIR CATTLE BY THE POUND...

SAV Cover Crop 4116

A stylish Harvester son with abundant thickness, volume and performance. He recorded an actual weaning weight of 1015 lbs. on 10/8/14. His Density dam from the Emblynette family is structurally superb with a perfect udder.

SAV Ribeye 4347

This Resource son is masculine, thick and loaded with muscle from front to back. He earned a 205-day weight of 954 lbs. for a weaning ratio of 105. His beautiful dam by Bismarck records a weaning ratio of 104 on 4 calves and is the dam of Harvest Moon.

SAV Headway 4044

A calving-ease bull by Hesston with plenty of growth, muscle and style. His Bismarck dam is out of a Net Worth daughter from the prolific Pathfinder®, SAV Emblynette 7261. A maternal brother sold to Alta Genetics AI Stud last year.

SAV Influence 4043

SAV Influence 4043 proudly represents the first offering by the \$400,000 SAV International 2020. He combines modest birth with thickness, muscle, massive volume and tons of performance. He weaned off in early October at 1030 lbs. and earned a 205-day weight of 965 lbs. with EPDs for weaning and yearling weight in the breed's top 1%. His heavy milking Pioneer dam from SAV Madame Pride 0075 records a weaning ratio of 106 on 3 calves and will qualify as a Pathfinder®. SAV Influence 4043 has all the components to make a lasting influence in the industry...

SAV Rejoice 4183

A herd sire prospect by Resource combining superior structure and quality with natural muscle shape, performance, style and traditional Angus breed character. His Pathfinder® dam by Right Time records a weaning ratio of 107 on 4 calves and is a maternal sister to Predominant, who has led the breed in registrations in Canada and is featured at Accelerated Genetics AI Stud.

These are among the 500+ herdsire prospects who sell February 14...

SAV Rangefinder 4244

A Resource bull loaded with muscle, thickness, volume and performance – the kind ranchers demand and search for. He earned a 205-day weight of 1038 lbs. for a weaning ratio of 114. His Net Worth dam is out of a proven Right Time daughter and records a weaning ratio of 106 on 6 calves.

SAV Haystack 4204

This 2/26/14 Hesston son is thick, deep, long-bodied and well-muscled. He weaned off in early October at 1010 lbs. His Net Worth dam was produced from four generations of Emblynette Pathfinders® and his grandam remains productive at 17-years of age.

FUNCTIONALLY AND GENETICALLY DESIGNED FOR THE COWMAN...

SAV Intrigue 4304

SAV Intrigue 4304 is one of the intriguing herd sire prospects in SAV history combining incredible phenotype, performance and pedigree with a superb disposition and cow family strength that is unmatched in the business. He is sired by International and his beautiful dam is one of a tribe of 13 flush sisters to Resource. These sisters captured the attention of the Angus world with their consistently ideal body type, fertility, fleshing-ability and udder quality. They are a product of the Blackcap May family that was established at SAV in 1945 and leads the breed in the production of AI stud sires.

The SAV cow herd serves as the foundation of the program...

This Harvester son represents the type and kind that will enhance the profitability of most any commercial cattle operation. His productive dam by Density from the Emblynette family milks well and brings home a heavy calf year after year.

SAV Synergy 4155

A long-bodied, thick, super-fronted Harvester son with credentials to work anywhere. He earned a 205-day weight of 966 lbs. His Bismarck dam records a weaning ratio of 112 on 3 calves and will qualify as a Pathfinder®.

SAV Invincible 4181

This International son represents what the beef business is all about — raising quality beef as efficiently as possible. He weaned off in early October at 988 lbs. His Emblynette dam stems from six generations of elite Pathfinders®.

SAV Ground Breaker 4239

This scale-crusher by Harvester is extra long, thick and heavy muscled with tons of performance and will sire market-topping feeder calves. He earned a 205-day weight of 1037 lbs. for a weaning ratio of 114. His productive dam is by Brand Name and Pathfinder® grandam is a full sister to the dam of Resource.

SAV Hundredweight 4144

This Harvester son will be appreciated by cowmen who sell pounds for a living. He earned a 205-day weight of 976 lbs. for a weaning ratio of 107. His Pioneer dam is a maternal sister to Mustang and was produced from five generations of Emblynette Pathfinders®.

SAV Headquarters 4357

This masculine, muscular, Hesston son demonstrates pounds in the right package with the fleshing characteristics to excel in any environment. His productive dam by Net Worth records a weaning ratio of 106 on 3 calves and is a maternal sister to Density and Providence.

SAV Instinct 4258

SAV Instinct 4258 is a powerful and dominating son of International with herd bull phenotype and the credentials to match. He earned a 205-day weight of 983 lbs. for a weaning ratio of 108 and boasts an EPD profile near the top of the breed. His moderate, efficient, Rito 7075 dam records a weaning ratio of 110 on 2 calves. His Pathfinder® grandam and Pathfinder® third dam excelled in areas of fertility, productivity and longevity, remaining in the SAV program until 14 and 17 years of age respectively.
